

## Witches and Wizards University

This is a serious subject about School, growing up I was always the most intelligent person in the school, maybe the world who knows, and who cares, my point is that by the time I was in the third grade I had an Adult IQ over 180, but because I was Autistic my Grandmother, who was a Rebeka, and my Grandfathers (step) were Odd Fellows, it was not a problem keeping this a Masonic Secret, so also made it pointless to even go to school, I never did homework, study for a test, nor learn how to show my work, I never learned to read and write like normal people till I was 13, worse thing I ever learned, up till then I thought words, meaning spells, and letters meaning characters that made up the words, but then again I did not use that little voice in my head to sound them out, that took years to master, before this I just learned to look at words, sentences and paragraphs, store them as images in my mind, and at night I would review them, I could do that in real time, but my sister and I liked to go to the library, but hated to carry books home, so I learned to just store a book up, flipping pages after pages, thicker books take longer, an Encyclopedia takes a few hours to flip through, and a lot of times I can still remember those images, so I never found a reason to memorize anything, looked at it, now I want to move on, but Mainstream Education and Educators are just Dumb, there entire concept of teaching only applies to a limited set of humans known as Normal People, they are Neurotypical, their IQ is based on being 20 points higher than Retarded, but they keep lowering that bar, and why they think nothing like Autistic People, and should never be allowed to teach them, not that they need a Special School for them, but that is what Witches and Wizards University is all about, not separating between Neurodiversity like Mainstream currently does, that should be outlawed, but Mainstream only teaches Stupid, dumb means you cannot talk, or should not talk, since nothing you said makes any sense, but Stupid is the ability to say things that kind of make sense, but are not true, so they should be dumb but unfortunately not, like having to Learn Einstein's Theories, I asked my teacher why I needed to know Lies, she slapped me, my stepmother slapped her back at a later date, and why I hated going to School, I hated having to even be around it, they taught me how to be Stupid and wish I was dumb, I use to be able to read TRR Tolkien in a week, the last book took the longest, but unraveling the storing in my mind, took time, we had to buy our own books at school, I always got used books, and mine were falling apart, but it only took me a day to flip through all its pages, and I used the books at a library, but had to bring the books to class to read in class, which I would open the book and just stare at the page, once a Girl came up and started to talk to me about the book, a Girl that I liked a lot at the time, so this moment made going to school worth it, and why I never ditched that class, but this girl had no interest in me, she thought I did not know how to read, since I would never turn the page, so I dropped out of school after that, moved to another state, and learned to hate school again, and why most people like me do not do good in Mainstream Schools, well maybe I am a bad example, since I scored 99% on my Military ASVAB test, proving I still have an IQ over 180, but Mainstream schools only teach to the IQ level of 50, and lowering that bar all the time, and most of what they teach is a lie, Einstein is the best example of how Stupid Mainstream is, so in short, as if this paragraph is short, I am a Wizard, and not a Witch, Wizards know a subject very well, a Witch knows how to Read and Write, it takes a Witch to read a Wizards writing.

There is a reason why Albert Einstein is being taught, and that is to ensure that everyone is stupid, this started back at the year 0, and yes there is a year 0, but to understand it you must understand Johannes Kepler who was looking for the birthdate of Christ only to find Tycho Brahe instead, there are two

versions of this story told by the Ashkenazi Masonic Order, which my family have been members of since the beginning, in one story Kepler brings it to Brahe, the other is Kepler wanted knowledge that only existed in a version of the Torah written before the 4<sup>th</sup> Century that Brahe had, I will just call this the Torah or Bible, and not talk about any bible that has Christ inserted as a Deity that does not Physically Exist, as in not even in History, turns out there is only one Jesus, and people deny him 3 Times let me count them.

1. Jesus
2. Bar
3. Abbas

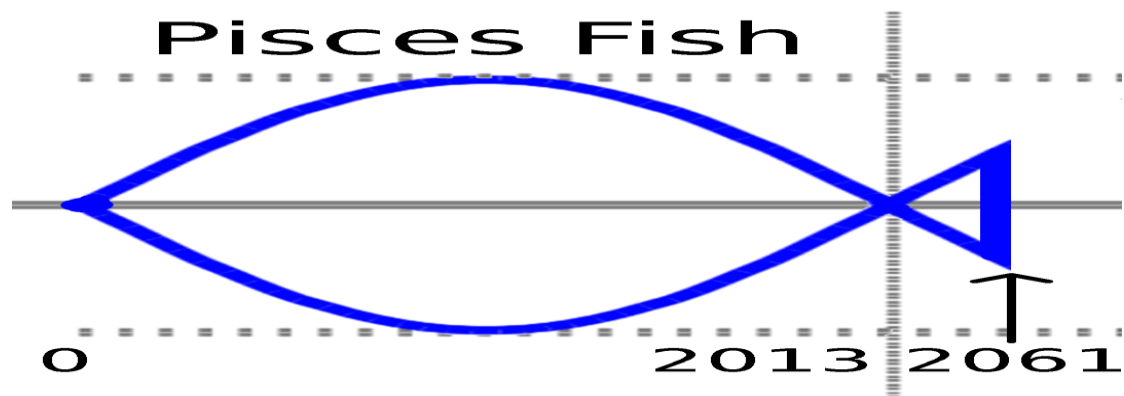

Torah or the Bible before the 4<sup>th</sup> Century has changes, I can show all of them to you, but many have written books about Torah Code that better explains it, so I will not try, but I will tell you that all versions before that time did not have Christ in them as a Person, but only as a Star that you can align with also known as the 3 Kings in the Belt of Orion, or the Binary Sun Sirius, which that date is now on 14 January, so this is the Story I believe, but I still need to tell both, since that is how the Masons have it recorded in Degrees, and Masons are so hard to follow, but I only follow the Ashkenazi Masonic Order to know the truth.

The Degrees of Masons is based on a specific Paper, and the paper back then could only fit 33 lines, and was made for this purpose, for example, the First Degree is a Paper that has 32 Degrees, there is a 33 Degree stating you can only have 32 Degrees, and 6 Degrees is how many Kepler wrote, and each has 33 Degrees in them, so you have 32 Passages, one stating there is no more, and this one is the most important one, and the easiest to remember, and they read like poetry that makes little sense unless you know what they are talking about, as such, you have a Degree you write, give it a number, and write 32 things that describe what you want to say about a subject, and it needs to fit on one piece of paper, so keep it short and simple, but someone else has to memorize it, and know what it means, that is how you pass a Degree, this has been handed down generations, so a 666 Degree Mason, has written 666 Degrees, but there are only 32 Degree Masons, how many they write is an Achievement Level, and that confuses people, this means a Person has Memorized and knows 666 times 33 Degrees, and where the 33 Degree Mason came in since they know the 33 Degree always states there are only 32, and why this Number, the Death of Jesus, and when this all Started in History, and only 33 Degree Masons know what the 33 Degree is, so understand this.

Witchcraft is the Art of Writing in a Language in a way where words and spells have more than one meaning, like you read something and it is red, witch is a color and why the stories may make no sense, unless you know the subject, and what it is about, it is a code. English is Witchcraft, it was translated from Latin, so it has a one-to-one relationship to it when it comes to translation, but Latin is a Concept, and English is Spells, or Words with more than one meaning, and why read, reed, and red are so confusing, every word is a good example of this, since most if not all words have more than one meaning in some context, so that is Witchcraft.

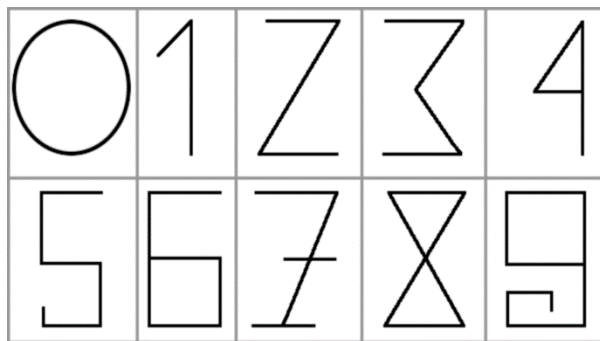

Why did the Church and Religion murder Witches and Wizards through time, and still discredit them to this date?

The Year 0 is a Mayan year that is 2012 years long, it goes back to 0, so started at 0 on the Day Jesus Bar Abbas was born, and that date is the same for all Prophets and known as All Prophets Day, and Sir Isaac Newton was born on that Date of 25 December in 1642 under the Julian Calendar, which was changed in his lifetime to 4 January 1643 and then removing 10 days making it 14 January, which is my Birthday, and why I remember this each year, my wife and I are both Medically Retired United States Air Force, so we use the Julian Calendar and not the new Gregorian Calendar, but it is synced with it, so the dates are the same, so my birthday in Julian is 61014, or Saturday the 14<sup>th</sup> January 1961, so know that we understand the Calendar situation, we can talk about the Fish, but this is Science, and so is the Explanation.

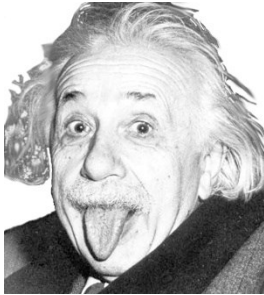

From 0 to 2013 is one Cycle, the tail is the End of Time, NASA has evidence it will happen in 2033.

Mayan Math is simple, make an Angle or Angel, same thing, for every number, 0 has no angles, 1 has one angle, 2 has two angles, 3, 4, 5, 6, 7, 8, 9, get it, not in this Font maybe, just use straight lines to make them, instead of smooth, except for 0 it needs to be round for a reason, it has no Dimensional aspects to it, so every Angle or Angel is a Degree, so a fan represents all numbers, it is the symbol of the Shell with 9 lines starting from a center point, and fanning out at 180 degrees, with all the major degrees.

Angles or Angels

A University needs to teach from lowest to highest degrees, all in one school, but needs to be taught real science and not that of Albert Einstein.

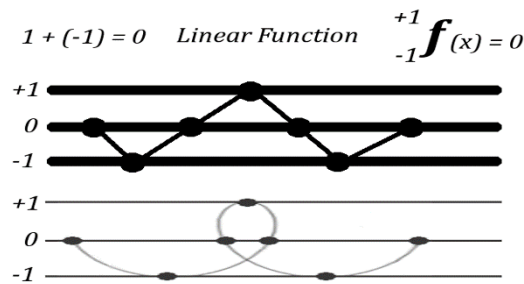

$E = MC^2$  is just dumb and only stupid sheep like ewe would believe in a Theory never proven in over a Century, and why is simple, so let me explain this.

Einstein has two theories, both have Light as being Dynamic, and once taught this, you will have a challenging time trying to grasp the concept of Static Light, keep in mind it was Static up till Einstein's time, this was something 180 degrees opposite of what this Universe is really like, but did Einstein lie?

Lie about what? Einstein said this Theory is about an Alternate Universe in an Alternate Reality, so it never applied to our Universe in the first place, but only Aspies notice things like this, and he was one, but had a low IQ as an adult, the highest he was ever tested was at 160 IQ, Kepler, Newton, Galileo, Franklin, Tesla, and even me by the third grade, had IQ's over 180, since they could not test above that accurately, and my father was tested as the highest recorded when he took the test in High School and the results got out, it was downhill for my father after that, so my Grandmother made sure my scores were kept secret, since no one that was not tested as Autistic ever made it past 100, which is the scale, normal is 70 and retarded is 50, so 100 is the highest any Normal person can go, and all those over this, are Autistic in some spectrum, and what degree is numbered as IQ, and the ironic part is dumb Autistic People have the highest 180, it is just hard to measure, since they cannot talk, and the reason they cannot talk is simple, their minds are way too overloaded with stimulations, and they have constant meltdowns, these are not mental breakdowns, but Stimulus overload, so Autism is not a Disease, it is not something you want to worry about, the problem is this, Doctors are Dumb, and I mean they are too Stupid to Talk, what they say only makes cents to them, meaning money, so they purposefully added Retarded People to the Autism Spectrum just so they could call us Retarded, because some Autistic People have IQ's twice as high as normal people, there is a term for this, but messed up will do, so you need to understand this, to understand why Society hates all Autistic People and Allow Doctors to make Stupid Vaccines to Prevent it, and I call them Stupid, because a double-blind, peer-reviewed study of Vaccines, proved they only give you what they put into them, which is a Disease, so it is the Vaccines making people retarded, and my mother died from the DPT vaccine years after getting it in school, she died at age 19, my own daughter born in 1990 almost died from it, so nothing changes, books written about it killing 100,000 children a year, it is population control, making you believe this is what you want for your children, give them every disease known to humans just to make money and cut down on Population, this is Evil, and Evil is a backward spell for Live.

Einstein said he took God out of the Universe, so people believe God does not Exist, and why is simple, in Religion God does not Physically Exist, only as the Angle 666 also known as an Angel by another name, in the Original Torah written before the 4<sup>th</sup> Century, said God is All Light without Darkness, All means just that, no Angles or Angles, the Name is the Number, 666 is Satan, and 0 is God, the Holy Ghost Spirit of Mother Nature, also known as Earth we call Ground, and the Math of God is (+1) + (-1) = 0, so let me graph this for you, with +1 on top of two different types of graphs, the top one is 2D or 2 Dimensional, the bottom one is 3D with x and y-axis with points pointing from 0 to -1 to +1 back to 0 to repeat.

**Once again, this is your Brain, and this is your Brainwave.**

The question is what God did Einstein take out of his Alternate Universe in an Alternate Reality?

The answer is simple, the Light.

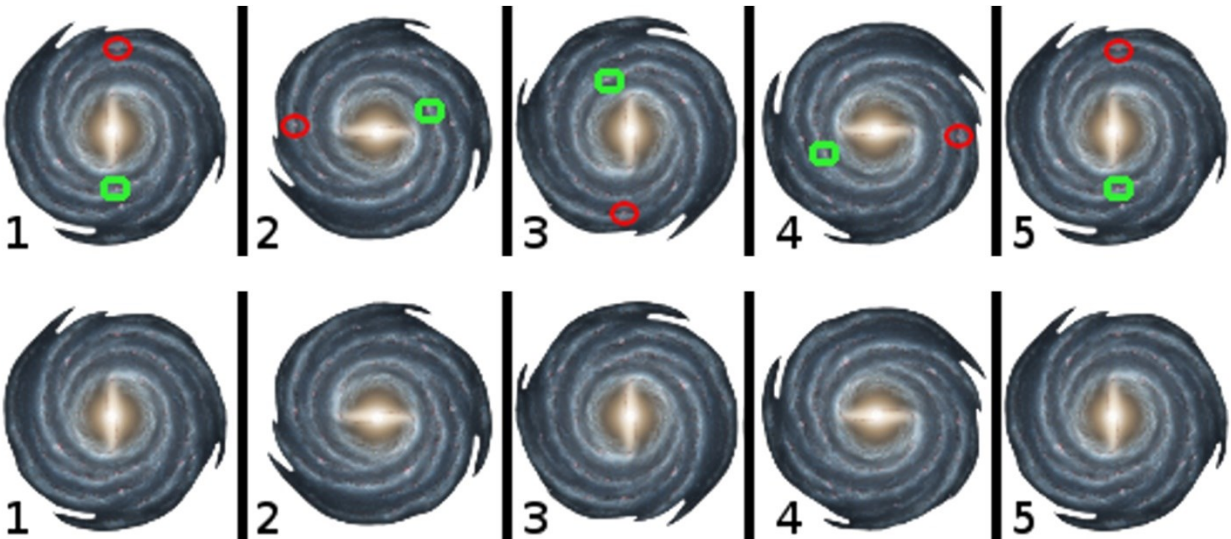

Newton did not invent Calculus, he figured it out from the Bible, (+1) + (-1) = 0 is Calculus, it is a Function of Time or Distance with Energy and Polarity as factors, so it is the Formula for all Energy.

State	†rinity	Dimension(s)	Visibility	Graph												
(+1)	Father	All 3	Solid		*				*				*			
0	Mother Spirit	0	Invisible	*		*		*		*		*		*	*	
(-1)	Son	1 or 2	Semisolid				*				*				*	
†ime frame				0	1	2	3	4	5	6	7	8	9	10	11	12

Trinary is 3 Logical State Changes, (+1) is the Father and is Solid Matter because it is in all Dimensions of Space, the (-1) is the Son and Semisolid Antimatter and transitions from the 1<sup>st</sup> and 2<sup>nd</sup> Dimension and 0 is the Transition point, these are all Reference Lines.

Henrietta Swan Leavitt was an Aspie that recognized Patterns, like this one:

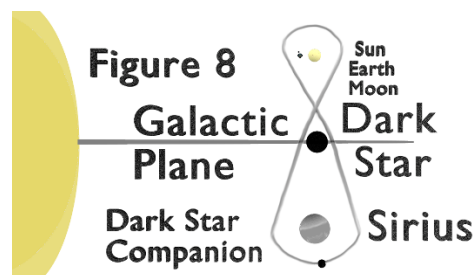

Henrietta noticed that Galaxies does not follow the same Math Rules as Planets, the Suns known as Worlds, which include the Sun(s), Planets and Moons of one system, will always run on Tracks, as such, over time, if we were to follow two objects, we notice they will stay 180 degrees in relationship to each other, as they go around the Galaxy, so the Math of Kepler and Newton do not apply to it, so a new math is required called Trinary Math.

All the Suns orbit around the Galaxy at the same Rate but not the same Speed.

Trinary Math Track Table

This table show the Trinary Math results based on our Suns Diameter, and what track it is on, note that we are on Track 666, this is what the Torah or Bible said as a Fact, this Math proves it.

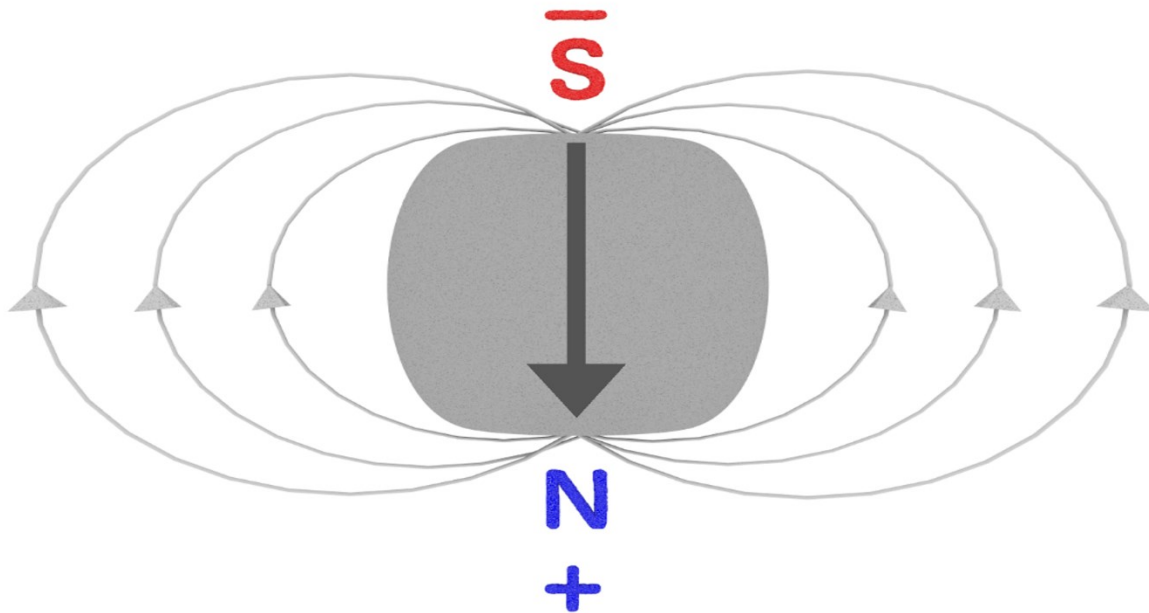

I base the Universe as working on the same principles as Atoms, only on a larger scale, as such, the Core of the Galaxy, Sun, Planets and Moons are Trinary Engines or large Atoms, and follow the same rules.

I changed the name of the Newtonian Universe to the Trinary Universe because I added Trinary Engines to it, and they are not Theoretical, they exist, and Henrietta noticed them, so I give this credit to her, in fact I give her a lot of credit, since she is the one that discovered it, and I base all my Trinary Science on her notes about them, as such, Trinary Science is based on the Newtonian Universe, but updated with Henrietta's notes to make this a more complete understanding of the Universe.

Trinary Science is based on Frequency, which is based on the rate of change in an Atom, its frequency determines its color, so all objects have a specific frequency for all colors.

I want to create a Trinary University to teach all the subjects of Science according to Facts and not Theory, and never allow any Theory that does not have Empirical Evidence to support it, like Trinary Engines, I cannot show you one, but I can show you its effects.

Our Planet has a Magnetic field around it called the Magnetosphere, it is weakening at a rate of 5% a year, and will be gone by the year 2033 according to NASA, Sir Isaac Newton calculated the date in the Torah or Bible to be the year 2061, and I want to build a machine to determine the correct date, but I need a University that teaches real Science, and not Theory never proven to be a Fact, and what is a Fact is that Gravity is the Force of God, so this is an Atom, or Trinary Engine, same thing, only size is different, so we have a field around it, when it passes through the 0 Ground, it will collapse its field venting our Atmosphere into open Space, and allowing Meteorites to impact the Earth.

The Trinary University must build a building like a Pyramid called a Trinary Sanctuary to survive the End of Time, and that is what the Witches and Wizards University is all about.
